The resource activities meet the relevant criteria for approval as contained in section 49 of the RPI Act including the relevant required outcome for the Gulf Rivers SEA as contained in the Regional Planning Interests Regulation 2014.

Conditions of approval

The attached RIDA confirms the nature and extent of the resource activities the subject of this approval. Conditions include matters relating to the location of the resource activities, when activities are to be undertaken, the implementation of erosion and sediment controls, restrictions on the clearing of vegetation and on the releasing of contaminants, the retaining of records, the recording of complaints and keeping a copy of the RIDA on site at all times.
